

MAGENTO 2.1.1

 Latipay Version II
Integration Guide

Integration Steps:

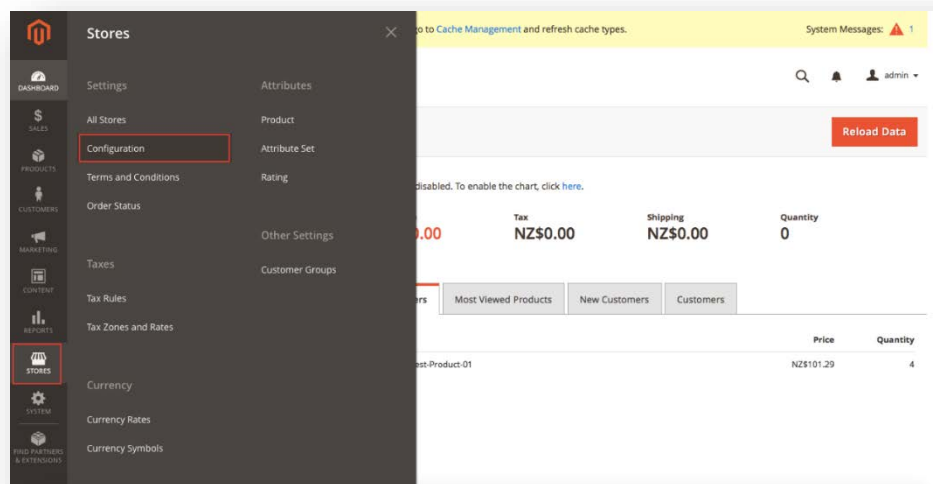

Step 1: Install

- 1.1 Extract the .zip file to a dedicated folder of your website's root directory.
(Most often; /www).
- 1.2 From the command console, change the current directory to your root directory,
then run the following command:

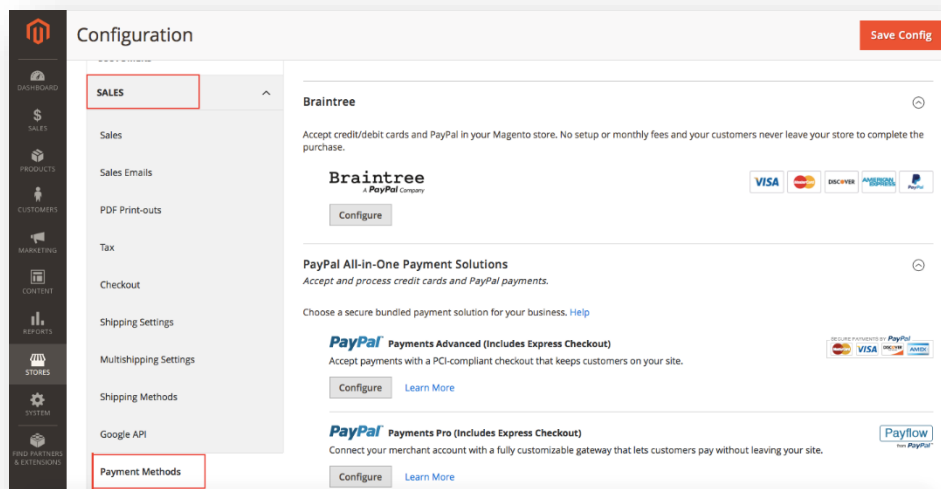

```
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy
```

Step 2. Configure

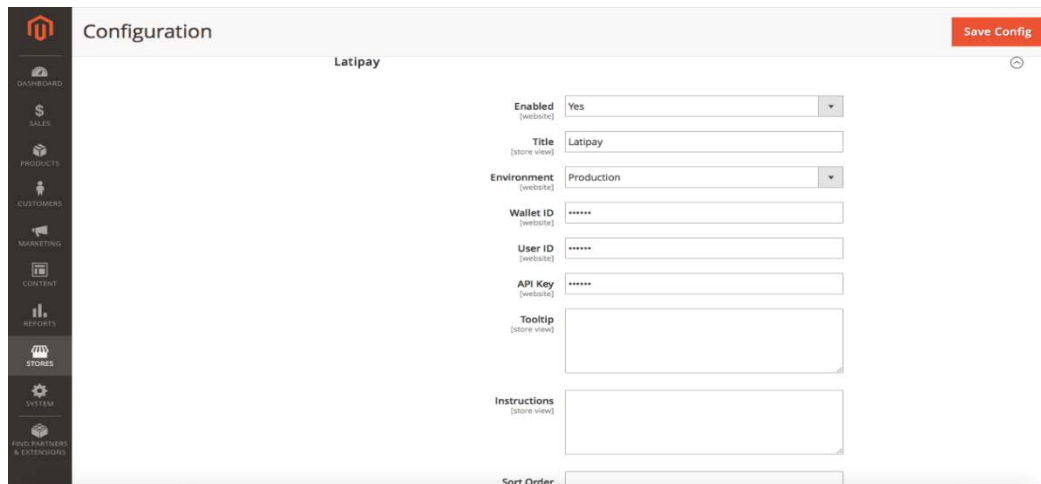

- 2.1 In your Magento backend, navigate to **STORES > Configuration**

- 2.2 From the Configuration page, proceed to **SALES > Payment Methods**, then
navigate to the 'Latipay' section.

2.3 Configuration

- Tooltip, Instructions and Sort Order are Magento's default gateway settings: you are not required to fill these fields.
- **Environment:** Select 'Production'.
- **Wallet Id, User ID, API Key:** Please enter your Latipay account details.

Retrievable through **Latipay Merchant Portal: Account > Show Hidden Values

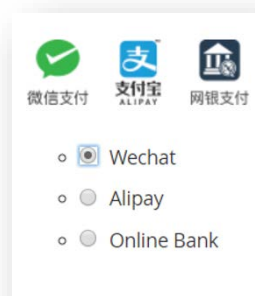

*Tip: Create a low-priced product (i.e. 0.01NZD/AUD) when running tests.

-As of November 2017, the Latipay II plug-in supports: CNY, NZD & AUD only-

Successful Installation:

Brilliant!

WeChat Pay, Alipay & Chinese Online Banking options are now available upon checkout!

**WeChat Pay is automatically set as the default payment method.*

-Please contact us at 0800-00-3114 (NZ) or 1800-CNY-AUD (AU) if you require assistance-
