

MAGENTO 1.9.2.4

 Latipay Version II
Integration Guide

Integration Steps:

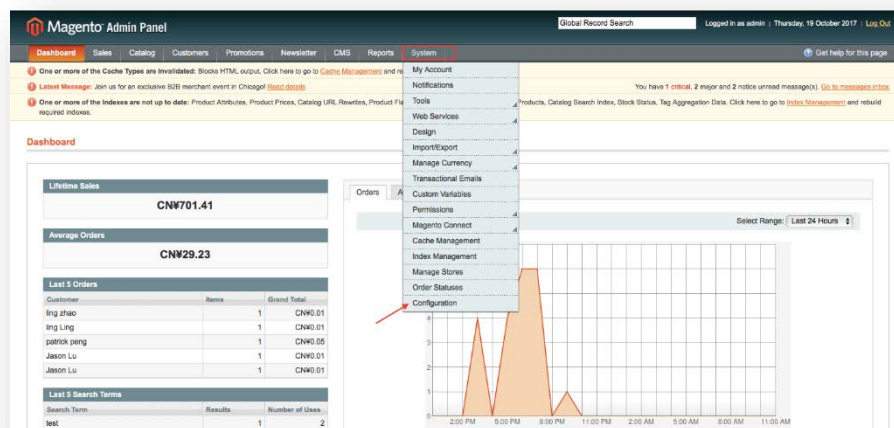

Step 1: Install

- 1.1 Extract the .zip file to a dedicated folder of your website's root directory.
(Most often; /www).
- 1.2 From the command console, change the current directory to your root directory,
then run the following command:

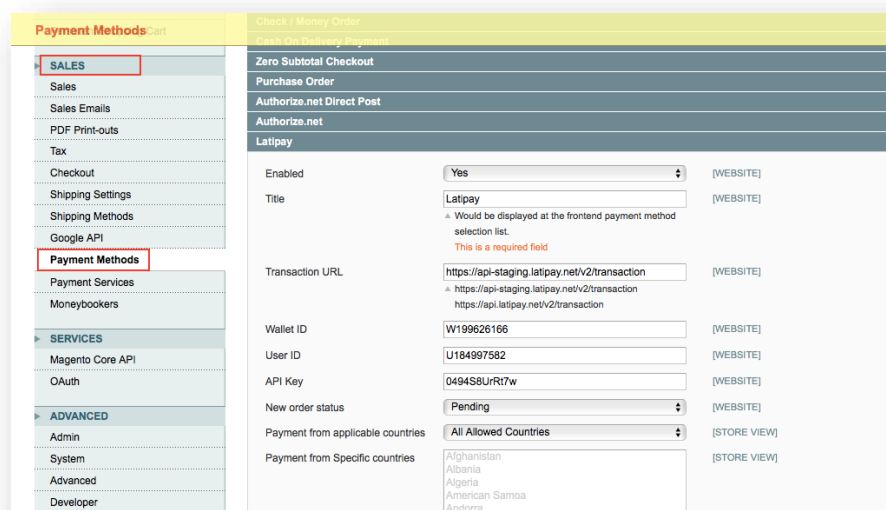

```
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy
```

Step 2. Configure

- 2.1 In your Magento admin portal, navigate to **System > Configuration**

- 2.2 From the Configuration page, proceed to **SALES > Payment Method**, then
navigate to the 'Latipay' section.

2.3 Configuration

- **Transaction URL:** Enter 'https://api.latipay.net/v2/transaction'.
- **Wallet Id, User ID, API Key:** Enter your Latipay account details.

Retrievable through **Latipay Merchant Portal: Account > Show Hidden Values

*Tip: Create a low-priced product (i.e. 0.01NZD/AUD) when running tests.

-As of November 2017, the Latipay II plug-in supports: CNY, NZD & AUD only-

Successful Installation:

Great job!

WeChat Pay, Alipay & Chinese Online Banking options are now available upon checkout!

The screenshot shows a 'CHECKOUT' page with a progress bar at the top. The progress bar has four steps: 1 BILLING INFORMATION, 2 SHIPPING INFORMATION, 3 SHIPPING METHOD, and 4 PAYMENT INFORMATION. Step 4 is currently selected. Below the progress bar, there is a Latipay logo and a link 'What is Latipay?'. A red arrow points to the Latipay logo. Below this, there is a message: 'You will be redirected to Latipay after order confirmation. Latipay offers the above options to make a secure payment.' Underneath, there are five radio button options: Wechat (selected), Alipay, Online Bank, Check / Money order, and Credit Card (saved).

**WeChat Pay is automatically set as the default payment method.*

-Please contact us at 0800-00-3114 (NZ) or 1800-CNY-AUD (AU) if you require assistance-
