OPEN CART (Multi Version)

Latipay Version 2

Integration Guide

Integration Steps:

Step 1: Download

1.1 Download the available files according to your Open Cart version.

Step 2: Install

*In this guide, Version 2303 is used.

2.1 Extract/unzip the file. Copy the items, then through the FTP - replace the entire folder with these contents; admin, catalog, image, latipay2, system.

Step 3. Integrate

3.1 In your Open Cart admin portal, navigate to **Extensions > Extensions > Payments**

and click on **Latipay V2.** Click **[install]** to install the plugin.

Step 4: Configure

4.1 Click [✎] to configure.

- **User ID, API Key, Wallet ID**: Enter your Latipay account details.
   Retrievable through **Latipay Merchant Portal: **Account > Show Hidden Values**
- **Wallet Id For NZD, AUD & CNY:** Please enter the Wallet Ids that have been provided by your dedicated Latipay account manager according to the currencies.
- **Operating Environment:**
   o   Test environment – when testing.
   o   Production environment - when gateway is ready to use.
   *Tip: Create a low-priced product (i.e. 0.01NZD/AUD) when running tests.
- **Payment Method Url:**
   https://api.latipay.net/v2/detail/

- **Gateway Url:** https://api.latipay.net/v2/transaction
- **Total:** Minimum payment amount required (Set by Merchant)
- **Order Status**: Order status after successful payments; e.g. 'Complete'
- **Status:** Enabled

-As of November 2017, our Latipay V2.0 plug-in supports: CNY, NZD & AUD only-
Currency settings are under: System > Currencies
